# SQUIRES MODEL & CRAFT TOOLS

## MANTUA POWER TOOLS

Miniature power tools for wood working, manufactured in Italy by Mantua Models. The main material used in their construction is glass reinforced nylon, this produces a light but rigid structure. Although these machines are intended for model making and similar light applications, they do have fast moving parts. Normal precautions should be taken when working with these tools.

### MINIATURE WOOD TURNING LATHE

**MINIATURE WOOD TURNING LATHE** a 9 - 12V dc mini lathe for wood turning. The lathe is powered by a 12V Mabuchi motor and requires a suitable 12V dc 10 amp power supply. The 3 jaw chuck is belt driven with a hollow spindle. The jaws of the chuck are self-centring, and in their normal position can hold work pieces up to 35mm diameter, with the jaws reversed pieces up to 72mm diameter can be held allowing miniature bowls to be turned. The maximum distance between the chuck and tailstock is 205mm but longer pieces which have a diameter of 12mm or less can be held by passing them through the hollow head spindle. The maximum clearance to the tool rest is 30mm, the tool rest can be mounted at right angles across the bed for turning bowls etc. The live tailstock is adjustable and can be mounted in 7 positions along the lathe bed. Tailstock caps (brass collets) for holding 2, 3, 4, 5, 6, 8, 10 & 12mm dowels are supplied. Screws are provided to fix the lathe to a plinth which in turn should be clamped to a work bench. Spare belts are available. Base dimensions:- 400mm x 80mm.

CODE	TYPE	PRICE
MM8160	Mantua Wood Turning Lathe.....	£88.99
MM8162	Spare Belt for Mantua Wood Lathe/Plane.....	£5.99

**MANTUA TRANSFORMER** a robust 4 speed transformer for use with the Mantua lathe and planer. The 4 output voltages of 9, 12, 15 and 18V dc are simply selected, maximum 10 amps.

CODE	TYPE	PRICE
MM8502	Mantua 4 Speed Transformer.....	£43.99

## WOOD TURNING CHISELS

**CROWN 3 PIECE PEN TURNING SET** a set of HSS turning tools which are ideal for pen making and similar projects. The blades are 89mm set in 140mm Rosewood handles. The set contains a 1/4" Bowl gouge, 1/2" Oval Skew chisel and a 1/8" Parting tool. Supplied in a presentation box.

CODE	TYPE	PRICE
C296A	Crown 3 P/C Pen Turning Set.....	£48.99

**MICRO WOOD TURNING CHISELS** high quality HSS micro wood turning chisels manufactured in Sheffield by Crown Hand Tools. The blades are held in a shaped rosewood handle with a brass ferrule. The blade sizes and shapes available are:- 3/32" and 3/16" gouge, 3/32" parting tool, 5/32" oval skew chisel and a 5/32" round nose scraper, they are available individually or in sets. Now also available in a quality wooden box. Length overall 165mm.

CODE	TYPE	PRICE
MT2991	Crown Micro Turning Tool 3/32" Gouge.....	£13.50
MT2992	Crown Micro Turning Tool 3/16" Gouge.....	£13.50

**ADJUSTABLE MICRO WOOD TURNING CHISELS** high quality adjustable HSS micro wood turning chisels manufactured in Sheffield by Crown Hand Tools. The main feature of these turning tools is that the blades are double ended, thus they are adjustable in length and there is in effect 10 turning tools. The blades are held in a shaped rosewood handle with brass ferrule and grub screw. The blade sizes and shapes available are:- 3/32" and 3/16" gouge, 3/32" parting tool, 5/32" oval skew chisel and a 5/32" scraper with one round and one square end. They are available individually and in sets. Now available in a quality wooden box. Length overall 165mm.

## PUSH STICK

**PUSH STICK** a simple moulded plastic push stick for use with circular saw tables. The handle is shaped for a firm grip, the other end has a recess for locating square material. Length overall 285mm.

CODE	TYPE	PRICE
090-021	Push Stick 285mm.....	£2.99

## SAW BLADE LUBRICANT

**SAW BLADE LUBRICANT** a wax stick which is used to lubricant blades. It prolongs blade life and produces smoother and faster cuts, also helps to prevent wood saw blades from clogging. Used with most types of power saws and hand saws including:- fretsaws, piercing saws, hacksaw's, scroll saws, bandsaws and circular saws. Stick length 200mm x 25mm.

CODE	TYPE	PRICE
SBL001	Saw Blade Lubricant.....	£6.99

## TAPER CUTTING JIG

**TAPER CUTTING JIG** a simple but effective jig for cutting gentle tapers on the saw bench. The jig is held against the rip fence with the work sitting on the fence stop, the jig and the work is passed over the saw bench as one to cut the required taper. The jig is made from aluminium extrusion, a scale of 0 -15° is featured, length overall 615mm.

CODE	TYPE	PRICE
090-726	Taper Cutting Jig.....	£19.99

# SQUIRES MODEL & CRAFT TOOLS

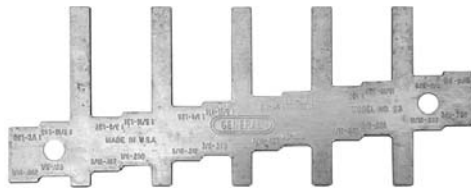

## CIRCULAR SAW & ROUTER DEPTH GAUGES

**CIRCULAR SAW DEPTH GAUGE** a metal gauge used to measure blade depth on radial arm, hand held circular and table saws. The gauge has permanently etched markings showing 1/8" increments up to 2" with metric equivalents, 1/16" increments up to 3/8" with metric equivalents.

CODE	TYPE	PRICE
100-042	Circular Saw Depth Gauge.....	£6.79

**ROUTER DEPTH GAUGE** a metal gauge used to measure the depth of a router bit. The gauge has permanently etched markings showing 1/16" increments up to 1 1/2" with decimal equivalents.

CODE	TYPE	PRICE
100-046	Router Depth Gauge.....	£7.39

## JIGSAW BLADES

**JIGSAW BLADE** for cutting hard and softwoods, plywood, plastics and masonite to 25mm thickness. Manufactured from tungsten alloy steel. Suits Draper Expert Power, Metabo, AEG and other professional machines using the Euro Standard Bayonet fitting. Pack of 5.

CODE	TYPE	PRICE

41486	Jigsaw Blades 8 TPI.....	£5.99

**JIGSAW BLADE** for cutting soft nonferrous metals aluminium, copper, tin, plastics and asbestos sheet. Coarse cut. Manufactured from high speed steel. Suits Black and Decker, Skil and other machines. Pack of 5.

CODE	TYPE	PRICE
41487	Jigsaw Blades 8 TPI.....	£6.99

**JIGSAW BLADE** for cutting mild steel, nonferrous metals and plastics. Fine cut. Manufactured from tungsten alloy steel. Suits Black and Decker, Skil and other machines. Pack of 5.

CODE	TYPE	PRICE
41488	Jigsaw Blades 24 TPI.....	£6.99

## BELT AND DISC SANDER

**BELT AND DISC SANDER BDS368** this belt and disc sander offers complete flexibility in the home workshop. The mitre gauge, tilting arm and unique upper table allow a wide variety of sanding operations from chamfers to compound mitres to be performed. The robust cast iron construction provides good stability and minimises vibration. Capabilities include horizontal and vertical sanding of various materials such as wood, plastic and aluminium. The machine also features a dust extraction outlet, a lockable on/off switch and is fitted with a BS approved 3 pin plug. Spare parts and servicing is available for this machine.

### Specification:-

Belt size.....	915 x 100mm (4" x 36")
Sanding belt table.....	100 x 152mm
Disc size .....	200mm (8")
Sanding disc table.....	158 x 266mm
Table tilt (work table and disc table).....	0 - 45°
Disc speed.....	2850rpm
Motor.....	230V ac 350W
Overall dimensions.....	450 x 380 x 350mm
Weight.....	20Kgs

## POLICRAFT POLISHING KITS

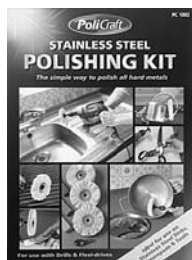

Buffing is one of the best ways to restore the original appearance to a variety of materials. Choosing the right buff and compound can be a nightmare for the uninitiated. Policraft Polishing Kits demystify this otherwise complicated subject, by providing everything you need for your chosen material together with full instructions. All individual items in the kits can be replaced separately.

**POLICRAFT NON-FERROUS METAL POLISHING KIT** a high quality polishing kit selected for Brass & Copper Polishing. The simple way to produce a mirror finish on Brass, Copper, Aluminium and other soft metals in 2 easy steps. The kit includes:- 1 x Hard buff 10 fold 100mm dia; 1 x Soft buff 10 fold 100mm dia; 1 x Brown polishing bar; 1 x Blue polishing bar; 1 x Straight shank arbor.

CODE	TYPE	PRICE
PC1001	Policraft Polishing Kit - Non Ferrous Metals.....	£14.99

**POLICRAFT FERROUS METALS POLISHING KIT** a high quality polishing kit selected for Ferrous Metals and Stainless Steel. The simple way to produce a mirror finish on Stainless Steel, Iron and other Hard Metals in 3 easy stages. The kit includes; 1 x Sisal buff 2 section 100mm dia; 1 x Hard buff 10 fold 100mm dia; 1 x Soft buff 10 fold 100mm dia; 1 x Grey polishing bar; 1 x Pink polishing bar; 1 x Blue polishing bar; 1 x Straight shank arbor.

CODE	TYPE	PRICE
PC1002	Policraft Polishing Kit - Ferrous Metals.....	£19.99

**POLICRAFT WOOD POLISHING KIT** a high quality polishing kit selected for Wood. The simple way to produce a mirror finish on Wood in 3 easy stages. The kit includes; 1 x Aluminium Oxide buff 4 section 100mm dia; 1 x Hard buff 10 fold 100mm dia; 1 x Soft buff 10 fold 100mm dia; 1 x Buff polishing bar; 1 x Straight shank arbor.

CODE	TYPE	PRICE
PC1003	Policraft Polishing Kit - Wood.....	£15.99

# SQUIRES MODEL & CRAFT TOOLS

**POLICRAFT PLASTIC POLISHING KIT** a high quality polishing kit selected for Plastic etc. The simple way to produce a mirror finish on Plastic, Fibreglass and Bakelite in 2 easy stages. The kit includes; 1 x Hard buff 10 fold 100mm dia; 1 x Soft buff 10 fold 100mm dia; 1 x Brown polishing bar; 1 x Buff polishing bar; 1 x Straight shank arbor.

**CODE TYPE PRICE**  
PC1004 Polycraft Polishing Kit - Plastic..... £14.99

**POLICRAFT CHROME AND PLATED FINISH POLISHING KIT** a high quality polishing kit selected for Chrome and Plated Finish. The simple way to produce a mirror finish on Chrome, EPNS, & Plated Metal in 2 easy stages. The kit contains; 1 x Hard buff 10 fold 100mm dia; 1 x Soft buff 10 fold 100mm dia; 1 x White polishing bar; 1 x Straight shank arbor.

**CODE TYPE PRICE**  
PC1005 Polycraft Polishing Kit - Chrome & Plated Finish... £13.99

**POLICRAFT HEAVY DUTY NON-FERROUS METAL POLISHING KIT** a high quality polishing kit selected for Brass, Copper and Aluminium Polishing in 2 easy steps. The kit includes:- 1 x 2 section stitched hard buff 100mm dia; 1 x Soft buff loosefold 100mm dia; 1 x Brown polishing bar; 1 x Blue polishing bar; 1 x Tapered spindle arbor for use with flexible drive shafts.

**CODE TYPE PRICE**  
PC2001 Polycraft H/D Polishing Kit - Non Ferrous Metals.. £19.99

**POLICRAFT HEAVY DUTY FERROUS METAL POLISHING KIT** a high quality polishing kit selected for Steel, Stainless Steel and Iron in 2 easy steps. The kit includes:- 1 x 2 section hard Sisal buff 100mm dia for 1st stage prep work; 1 x Soft buff loosefold 100mm dia for 2nd stage finishing. 1 x Grey polishing bar; 1 x Blue polishing bar; 1 x Tapered spindle arbor for use with flexible drive shafts.

**CODE TYPE PRICE**  
PC2002 Polycraft H/Duty Polishing Kit - Ferrous Metals..... £19.99

**POLICRAFT HEAVY DUTY WOOD POLISHING KIT** a high quality polishing kit selected for Wood in 2 easy steps. The kit includes:- 1 x 4 section aluminium oxide buff 100mm dia for 1st stage prep work; 1 x 2 section stitched hard buff 100mm dia for 2nd stage finishing. 1 x buff polishing bar; 1 x Tapered spindle arbor for use with flexible drive shafts.

**CODE TYPE PRICE**  
PC2003 Polycraft Heavy Duty Polishing Kit - Wood..... £19.99

**POLICRAFT HEAVY DUTY PLASTICS POLISHING KIT** a high quality polishing kit selected for Plastics, Fibreglass and Bakelite in 2 easy steps. The kit includes:- 1 x 2 section stitched hard buff 100mm dia for 1st stage prep work; 1 x 50mm loosefold soft buff 100mm dia for 2nd stage finishing. 1 x brown polishing bar; 1 x buff bar for 2nd stage finishing. 1 x Tapered spindle arbor for use with flexible drive shafts.

## LINISHING BARS

**LINISHING BARS** a greaseless abrasive compound used for satin finishing, deburring and buffing. For steel only. A 'Head' is first built up on the mop and then during use the compound is applied to the rotating mop, sparingly applied but applied often. Always ensure the block is covered to prevent drying out. Available in 4 grits. Use with a stitched mop. Approximately 450gms.

**CODE TYPE PRICE**  
101-120 Linishing Bar 120 Grade 450g..... £8.99  
101-179 Linishing Bar 180 Grade 450g..... £8.99  
101-240 Linishing Bar 240 Grade 450g..... £8.99  
101-320 Linishing Bar 320 Grade 450g..... £8.99

# SQUIRES MODEL & CRAFT TOOLS

## POLICRAFT POLISHING BARS

**POLICRAFT POLISHING BARS** a wide range of high quality polishing bars, for use with the mops listed Bar sizes 100 x 27 x 15mm. Supplied in a pack of 2 bars.

**PC1101 Brown** - For preparatory work to smooth out the surface prior to buffing. Use on Brass, Copper, Aluminium (non-ferrous metals), Fibreglass, Plastics and Bakelite. Use with hard buffs (loose or stitched).

**PC1102 Grey** - For rough first stage work to smooth out scratches and blemishes. Use on Stainless Steel, Steel, Iron and other hard metals (ferrous metals). Use with sisal and other stitched buffs.

**PC1103 Pink** - For rough first stage work to smooth out scratches and blemishes. Use on Stainless Steel, Steel, Iron and other hard metals (ferrous metals). Use with sisal and other stitched buffs.

**PC1104 Buff** - For intermediate buffing work and high polish final stages. Use on Glass, Bakelite and Wood. Use with hard buffs (loose or stitched) and soft loosefold buffs.

**PC1105 BLUE** - For final high glossing/polishing stage. Use on Stainless Steel, Steel, Iron and other ferrous metals. Use with soft loosefold buffs.

**PC1106 Maroon/Rouge** - For very high glossing/polishing. Use on Precious metals, Gold, Silver. Also, Brass, Copper and Glass. Use with soft loosefold buffs.

**PC1107 Red** - High finish/polishing stage on wood, metal, painted/lacquered surfaces, small window scratches, and plastics. Use with soft/loose fold buffs.

**PC1108 White** - For preparatory work to smooth out surfaces for buffing and high polish final stage polishing. Use on Chrome, Plated metals and EPNS (Electro Plated Nickel Silver). For use with hard buss (loose or stitched) and soft loosefold buffs.

101-562	Dialux Bar Red.....	£3.79

## POLICRAFT POLISHING MOPS

**POLICRAFT MINI POLISHING MOPS** a range of 2 small polishing mops suitable for mounting on a tapered spindle PC1034. Ideal for use with flexible drive shafts or directly from an electric drill. The Hard Mop PC1205 is used for preparatory work, Soft Mop PC1206 is used for second stage high finishing. 38mm diameter x 12.5mm.

CODE	TYPE	PRICE
PC1205	Policraft Polishing Mop 38mm x 12.5mm Hard....	£4.99
PC1206	Policraft Polishing Mop 38mm x 12.5mm Soft.....	£4.99

**POLICRAFT POLISHING BUFFS (MOPS)** a range of polishing buffs (mops). Each is with a metal centre with 10mm hole for use on straight shank arbors - see PC1401. 2 types available. PC1201 - use with grey or brown polishing compounds for preparatory work. PC1202 use with pink, white, blue, buff and maroon (rouge) polishing compounds for secondary and final polishing (glossing) procedures.

CODE	TYPE	PRICE
PC1201	Policraft Polishing Buff 100mm 10 Fold Hard.....	£3.99
PC1202	Policraft Polishing Buff 100mm 10 Fold Soft.....	£3.99

**POLICRAFT 2 SECTION SISAL MOP** use with grey polishing compound for preparatory work. 100mm diameter. Fitted with a metal centre with 10mm hole for use on straight shank arbors, see PC1401.

CODE	TYPE	PRICE
PC1204	Policraft 2 Section Sisal Mop.....	£5.99

**POLICRAFT SISAL POLISHING MOPS** a range of sisal polishing mops used exclusively for pre-polishing (cutting) steel, iron, stainless or other materials. Drilled leather centre for use with tapered spindle. Available in three different sizes.

CODE	TYPE	PRICE
PC1411	Policraft Sisal Mop - 100 x 12.5mm - 1 Section....	£5.99
PC1421	Policraft Sisal Mop - 100 x 25mm - 2 Section.....	£6.99
PC1621	Policraft Sisal Mop - 150 x 25mm - 2 Section.....	£7.99

# SQUIRES MODEL & CRAFT TOOLS

**POLICRAFT HEAVY DUTY SISAL POLISHING MOP** a heavy duty sisal polishing mop used exclusively for pre-polishing (cutting) steel, iron, stainless or other materials. Drilled leather centre for use with tapered spindle.

CODE	TYPE	PRICE
PC1831	Policraft H/Duty Sisal Mop 200mm - 3 Section.....	£16.99

**POLICRAFT 4 SECTION ABRASIVE MOP** used without polishing compounds for preparatory or 'denibbing' stage to smooth out blemishes in wood or metal. Can also be used for applying a satin finish to metals. Fitted with a metal centre with 10mm hole for use on straight shank arbors, see PC1401.

CODE	TYPE	PRICE
PC1203	Policraft 4 Section Abrasive Mop.....	£4.99

**POLICRAFT ALUMINIUM OXIDE POLISHING BUFF** a 4 section buff for use without polishing compounds for preparatory or 'denibbing' to smooth out blemishes in wood or metal. It can also be used for applying a satin finish to metals. Drilled leather centre for use with tapered spindle. 100mm diameter.

CODE	TYPE	PRICE
PC2203	P/craft Aluminium Oxide Buff 100mm - 4 Section	£6.99

**POLICRAFT FINISHING MOPS** a range of medium weave finishing mops for ferrous materials such as steel, iron, stainless or other hard materials. Drilled leather centre for use with tapered spindle.

CODE	TYPE	PRICE
PC3500/B	P/c Polishing Mop Loosefold B - 75 x 25mm.....	£4.99
PC4500/B	P/c Polishing Mop Loosefold B - 100 x 25mm....	£5.99
PC6500/B	P/c Polishing Mop Loosefold B - 150 x 25mm....	£7.99

**POLICRAFT FINISHING MOPS** a range of polishing mops made from fine weave 'G' quality calico. Use for finishing of non ferrous materials such as brass, copper and precious metals. Also suitable for use on plastic and veneers. Drilled leather centre for use with tapered spindle.

CODE	TYPE	PRICE
PC4600/G	P/c Polishing Mop Loosefold G - 100 x 25mm...	£5.99
PC6600/G	P/c Polishing Mop Loosefold G - 150 x 25mm...	£6.99

**POLICRAFT POLISHING MOPS** a range of polishing mops made from high grade quality calico, closely stitched to add rigidity and firmness. These mops are designed for pre-polishing (cutting) non-ferrous materials such as brass, or copper. Available in a variety of sizes. Drilled leather centre for use with tapered spindle.

CODE	TYPE	PRICE
PC2411	P/craft P/Mop Stitched B - 100mm - 1 Section.....	£6.99
PC2611	P/craft P/Mop Stitched B - 150mm - 1 Section.....	£7.99
PC2621	P/craft P/Mop Stitched B - 150mm - 2 Section.....	£10.99

**POLICRAFT FINISHING MOPS** a range of polishing mops with similar properties to the 'B' buffs, but a finer weave. Available in a variety of sizes. Drilled leather centre for use with tapered spindle.

CODE	TYPE	PRICE
PC0411	P/craft P/Mop Stitched G - 100mm - 1 Section.....	£4.99
PC0611	P/craft P/Mop Stitched G - 150mm - 1 Section.....	£6.99
PC0621	P/craft P/Mop Stitched G - 150mm - 2 Section.....	£7.99

**POLICRAFT HEAVY DUTY STITCHED POLISHING MOPS** a range of heavy duty stitched polishing mops used for final polishing of various materials. Drilled leather centre for use with tapered spindle.

CODE	TYPE	PRICE
PC0821	Policraft H/D Stitched Mop 200mm - 2 Section....	£11.99
PC0831	Policraft H/D Stitched Mop 200mm - 3 Section....	£14.99

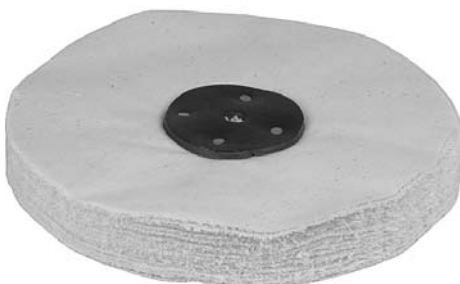

# SQUIRES MODEL & CRAFT TOOLS

**POLICRAFT FINISHING MOPS** a range of medium weave finishing mops for ferrous materials such as steel, iron, stainless or other hard materials. Drilled leather centre for use with tapered spindle.

CODE	TYPE	PRICE
PC8500/B	P/c Polishing Mop Loosefold B - 200 x 25mm....	£17.99

**POLICRAFT HEAVY DUTY FINISHING MOP** a polishing mop made from fine weave 'G' quality calico. Use for finishing of non ferrous materials such as brass, copper and precious metals. Also suitable for use on plastic and veneers. Drilled leather centre for use with a tapered spindle.

CODE	TYPE	PRICE
PC8600/G	P/c Polishing Mop Loosefold G - 200 x 25mm...	£11.99

**COTTON BUFFS** a range of cotton buffs suitable for use with polishing machines and bench grinders. Each has a wooden centre with a dense packed fine cotton.

CODE	TYPE	PRICE
101-518	Cotton Buff - 60mm dia x 30mm.....	£5.75
101-520	Cotton Buff - 80mm dia x 40mm.....	£8.55
101-522	Cotton Buff - 100mm dia x 50mm.....	£11.50

**S/L MOP DRESSER** a mop dresser for preparing a new mop prior to use on a polishing spindle and before applying any composition.

CODE	TYPE	PRICE
090-234	S/L Mop Dresser.....	£4.29

## ARBOR & TAPER SPINDLES

**POLICRAFT STRAIGHT SHANK ARBOR** a straight shank arbor to hold metal centre buffs in a drill chuck. Shank size 5.9mm, length overall 60mm.

CODE	TYPE	PRICE
PC1401	Policraft Straight Shank Arbor.....	£3.99

**POLICRAFT PIGTAIL TAPER SPINDLE** a tapered spindle to hold all leather centre buffs in a drill chuck or flexi-drive shaft. Length overall 77.5mm, shank diameter 5.9mm.

CODE	TYPE	PRICE
PC1034	Policraft Taper Spindle (Pigtail).....	£6.99

**POLICRAFT TAPER SPINDLE (FALSE NOSE)** a range of taper spindles with plain bores used with Bench Grinders and similar machines. Grub screw fixing. 2 bore diameters are available with either left or right hand helix.

CODE	TYPE	PRICE
PC1547	Policraft Taper Spindle Right Hand 1/2".....	£4.99
PC1546	Policraft Taper Spindle Left Hand 1/2".....	£4.99
PC1549	Policraft Taper Spindle Right Hand 5/8".....	£4.99
PC1548	Policraft Taper Spindle Left Hand 5/8".....	£4.99

**TOOL HOLDER FOR SPINDLES** a shaped wooden handle which can be threaded onto a tapered spindle, allowing small wheels and polishers to be mounted onto polishing machines and grinders. It can also be used as a tool holder to hold drills, taps, etc. Chuck capacity 3.2mm. Length 90mm

CODE	TYPE	PRICE
100-989	Tool Holder for Spindles.....	£4.99

## BENCH GRINDER & GRINDING WHEELS

**150MM BENCH GRINDER G150C** a compact machine with 250W motor. It is supplied with one coarse and one fine grinding wheel and is fitted with adjustable eye protection shields, spark defectors, wheel guards and tool rests. The machine is fitted with a BS approved non-rewireable 3 pin moulded plug and cable.

### Specification:-

Grinding wheel diameter.....	150mm
Bore size.....	12.7mm
Speed.....	2950rpm
Motor.....	230V ac 250W
Machine dimensions.....	330 x 200 x 250mm
Weight.....	8Kgs

CODE	TYPE	PRICE
66804	150mm Bench Grinder G150C.....	£54.99

**METRIC & NUMBER DRILLS  
IN PACKS OF 10 DRILLS FOR £6.50  
SAVE £2.50 BASED ON SINGLE PRICE  
SEE PAGE 119**

# SQUIRES MODEL & CRAFT TOOLS

**150MM HEAVY DUTY BENCH GRINDER GHD150** a heavy duty model designed for use in the garage or industrial workshop. 370W motor, one coarse and one fine grinding wheel, adjustable eye protection shields, anti spark defectors, wheel guards and tools rests. Fitted with a BS approved non-rewireable 3 pin moulded plug and cable.

**Specification:-**

Grinding wheel diameter.....150mm  
 Bore size.....12.7mm  
 Speed.....2850rpm  
 Motor.....230V ac 370W  
 Machine dimensions.....360 x 220 x 245mm  
 Weight.....11 Kgs

CODE	TYPE	PRICE
29620	150mm Heavy Duty Bench Grinder GHD150.....	£64.99

**GRINDING WHEELS** a range of grinding wheels suitable for these and other manufacturers similar machines.

CODE	TYPE	PRICE
29627	Fine Grit, 125mm dia x 13mm - General.....	£8.99
29628	Coarse Grit, 125mm dia x13mm - General.....	£7.99
36297	Green Grit, 125mm dia, 13mm - TCT Tools.....	£15.99
29629	Fine Grit, 150mm dia x 19mm - General.....	£11.99
29630	Coarse Grit, 150mm dia x 19mm - General.....	£11.99

33879	Crimped Steel Wire, 150 x 19mm Gen Cleaning..	£15.99

## DRILL GRINDING ATTACHMENT

**DRILL GRINDING ATTACHMENT** used in conjunction with a standard bench grinder, the attachment gives fast and accurate sharpening of twist drills from 3mm/1/8" to 19mm/3/4" diameters. The diecast body has pre-set notches at 41°, 49°, 59°, 68° and 88° which cover most tip angle requirements.

CODE	TYPE	PRICE
44351	Drill Grinding Attachment.....	£22.99

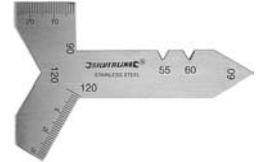

## DRILL GRINDING GAUGE

**TWIST DRILL GRINDING GAUGE** a simple gauge for checking the correct tip angle of 118° when regrinding twist drills up to 50mm diameter.

CODE	TYPE	PRICE
040-840	Drill Grinding Gauge.....	£2.75

**UNIVERSAL GRINDING GAUGE** marked with 55°, 60°, 90° and 120°. Stainless steel with metric graduations.

CODE	TYPE	PRICE
040-566	Universal Drill Grinding Gauge.....	£4.99

## GRINDING WHEEL DRESSER

**GRINDING WHEEL DRESSER** used for truing, cleaning, sharpening and shaping grinding wheels. Fitted with 6 wheels. Length overall 150mm. Spare cutters and pin are available in a set.

CODE	TYPE	PRICE
30479	Grinding Wheel Dresser.....	£7.99
74601	Repair Kit for G/Wheel Dresser (Wheels & Pin)...	£1.99

## WHEEL DRESSING STICK

**WHEEL DRESSING STICK** used for dressing worn or unbalanced wheels, especially where wheels have become dished or rounded by continuous use. Dimensions:- 6" x 1" x 1".

CODE	TYPE	PRICE
WDS020	Wheel Dressing Stick.....	£3.99

## DRILL HOLDER

**DRILL HOLDER** a universal swivel support to hold drills with a body diameter of 43mm. The holder clamps to a bench or table up to 48mm, the drill can then be tilted and swivelled to the ideal position. Can be used to hold a drill while being used as a grinder or polisher, ideal for holding a drill while using a flexible drive shaft.

CODE	TYPE	PRICE
090-236	Universal Drill Clamp 43mm.....	£12.99

# SQUIRES MODEL & CRAFT TOOLS

## DRILL POWERED PUMPS

**DRILL POWERED PUMP** with bakelite body with rubber turbine for durability. The pumping capacity 1000 litres per hour, supplied with two 13mm adaptors for 6.5mm pipe. **NOT FOR USE WITH FLAMMABLE LIQUIDS.**

CODE	TYPE	PRICE
18937	Drill Powered Pump.....	£8.99

**DRILL POWERED PUMP** a plastic bodied pump for use with a portable electric drill of 400W or more. Acetal copolymer body with stainless steel internal parts. Running speed 2000-3000rpm. Delivery rate approximately 2497 - 2591 litres per hour. Supplied complete with 1 set of spare washers, vanes and hose. Bore I/D 16mm.

**NOT FOR USE WITH FLAMMABLE LIQUIDS.**

CODE	TYPE	PRICE
33081	Drill Powered Pump.....	£34.99

## DRILL PRESS VICES

**MINI DRILL VICE** a miniature diecast metal drill vice with 45mm jaws opening to 50mm for use with the Minicraft Drill Stand. The slots in the vice match the slots in the drill stand. Fixing centre 60mm.

CODE	TYPE	PRICE
MB715	Mini Drill Stand Vice.....	£10.99

**QUICK RELEASE DRILL PRESS VICE** manufactured from cast aluminium with hardened jaws. It features quick action release at rear of vice allows jaws to be opened quickly. The 70mm jaws open to 67mm.

CODE	TYPE	PRICE
43090	Quick Action Drill Press Vice.....	£12.99

**METRIC & NUMBER DRILLS  
IN PACKS OF 10 DRILLS FOR £6.50  
SAVE £2.50 BASED ON SINGLE PRICE  
SEE PAGE 119**

**UNIVERSAL DRILL VICE** an aluminium universal drill vice with 100mm jaws that are 40mm deep with a maximum opening 100mm. The jaws have removable rubber covers, the jaws have two V grooves for holding round stock. A quick release is featured and the moving jaw has 2 slides for accurate operation. A table clamp which will clamp to the edge of a table or bench is also included, this allows the vice to be used as a general holding tool also. The vice has fixing slots 110mm long, fixing centres 125mm.

CODE	TYPE	PRICE
090-022	Universal Drill Vice.....	£14.99

**HIGH QUALITY DRILL PRESS VICE** a range of cast iron drill press vices with twin slide guides. The jaws are hardened steel and have horizontal grooves for holding round stock. 2 sizes are available, the smaller type has 75mm jaws with fixing centres of 110mm. The larger type has 100mm jaws with fixing centres of 125mm.

CODE	TYPE	PRICE
090-075	High Quality Drill Press Vice 75mm.....	£39.99
090-101	High Quality Drill Press Vice 100mm.....	£49.99

**100MM 3 WAY DRILL PRESS VICE** an Expert Quality drill vice with three accurately ground mounting surfaces for drilling holes at 90° using the vice flat as a conventional drill vice, it can also be used on its end and on one side. The vice has precision ground jaws.

CODE	TYPE	PRICE
64585	Draper 3 Way Drill Vice.....	£69.99

**90° MULTICLAMP VICE** a high quality tool that can be used a vice, drill vice and a corner clamp. The clamping shoe swivels, which allows workpiece of different thickness and or different sections to be held. The cast alloy body has slots for fixing if requires. Jaw depth 35mm, maximum opening 70mm.

CODE	TYPE	PRICE
020-080	90° Multiclamp Vice.....	£22.99
